Sponsor Letter Home State Bank

Dear Fellow Philanthropists,
Home State Bank has been providing award winning service to Northern Colorado for over 65 years. We are proud to be one of the few true community banks in the area and take great pride in the banking services that we offer to our community.

In addition to meeting the banking needs of the residents of northern Colorado, Home State Bank also gives back to the community by contributing to non-profit organizations in the area. Home State not only provides funding for these organizations but also gives hundreds of volunteer hours.

Few people know that in 2014 over 45% of our marketing budget went directly to non-profit organizations in our community. By making donations directly to the non-profits or by sponsoring their fund raising events, Home State seeks to help improve the living conditions for all of us who call the front range home. Helping those less fortunate helps create community and make this a better place for all of us to live, work, and play.

We care about the communities that we serve because we live and work here just like you. Our administrative offices are located

in Loveland, Colorado, not off in another state as so many other banks in our area. This puts us in a unique position to recognize the needs in our community and to respond whenever we can.

Unfortunately, we can't support all of the great non-profit organizations in Northern Colorado alone. If we did, we wouldn't be here next year to help anyone because the financial burden would force us to close our doors.

Please take a moment to look through this "Giving Guide" and see where you can help by donating your time and money. All of these organizations do amazing work and make this a better place for all of us to live.

Won't you consider giving your time and money to help them reach their goals? Help Northern Colorado continue to be the wonderful community that we have all come to love and appreciate. Please take the time to find out how you or your company can get involved in supporting these worthwhile agencies. You'll be glad you did!

Thank you!

1 in 6 people in Boulder and Broomfield Counties is hungry.

56,000 people are food insecure in our community. 15,000 are children who receive free or reduced lunch.

It may be surprising to learn that even in our own vibrant community, people are in need.

"We really appreciate the help. We are able to pay all of our bills on time because of the food we receive."

A Year Worth Celebrating

2015 has marked a special year for Kaiser Permanente in Northern Colorado. Our achievements would not have been possible without the support of this vibrant community.

Our medical offices in Fort Collins, Loveland, and Greeley are thriving and more than 400 physicians continue to participate in our Northern Colorado network. Our partnership with Banner Health has grown to allow us to serve even more Kaiser Permanente members.

MAKE ANYTHING POSSIBLE.

When we are guided, supported and encouraged by others, it's a powerful experience. It builds our confidence, brightens our outlook and frees us to imagine all that's possible. However, when resources are stretched and families struggle to make ends meet, it is difficult just to keep kids safe and cared for, let alone to give them opportunities to play sports, learn new things and explore new worlds.

The YMCA provides both: a safe, nurturing environment as well as the guidance and encouragement to discover all we can achieve. When we have the YMCA, anything is possible.

For a better future. For a better us.™
